*Irish America* magazine is the leading national glossy publication of Irish interest in North America.

Since its inception in October 1985, *Irish America* has become a powerful vehicle for expression on a range of political, economic, social and cultural themes that are of paramount importance to the Irish in the United States. It has helped re-establish the Irish ethnic identity in the U.S. (40 million according to the last U.S. census) and highlights the best political and business leaders, organizations, artists, writers and community figures among the Irish in America.

Now in its 26th year, each bi-monthly issue is a celebration of the growing resurgence of Irish heritage among Irish Americans here today, with an emphasis on the enormous achievements of distinguished and diverse Irish Americans such as superstar and humanitarian Bono, former president of Coca-Cola and chairman of Allen & Company Donald R. Keough, comedian Kathy Griffin, and silver screen legend Maureen O'Hara.
